A Note From Us

At Hopscotch, we've always believed that a good meal is about more than just the food. It's about sitting down together, sharing a few plates, catching up and enjoying the people around you.

For this new menu, we wanted the food to feel more like us. We took familiar Western dishes and gave them a stronger Singaporean point of view, using flavours and ideas that feel closer to home.

This is also our biggest menu revamp yet. We kept only a small handful of favourites, including the Truffle Fries and Wagyu Burger, while almost everything else is new.

What makes this menu special to us is that it came together across all our kitchens. The chefs and kitchen teams who have been cooking for you behind the scenes all contributed ideas, recipes and techniques to shape what you see here.

The result is a menu that feels more local, more expressive and more personal to Hopscotch. We hope you enjoy eating it as much as we enjoyed creating it.
